**Subject: Intimation of Go-Live of DFM-Data Flow Manager (NiFi Ops Manager) Platform with a Leading New Zealand based Telecom Company.**

**Regulation:** Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015.

**Ref: BSE Scrip Code: 543599; NSE Symbol; KSOLVES; ISIN: INE0D6I01023**

Dear Sir/Madam,

Pursuant to the applicable provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we would like to inform you that Ksolves has successfully onboarded and gone live with another customer on its proprietary platform Data Flow Manager (NiFi Ops Manager).

The client is a leading telecom company based in New Zealand, and the successful deployment represents a significant milestone for the Company's platform business.

The client has adopted Data Flow Manager (NiFi Ops Manager) to streamline and strengthen its end-to-end Apache NiFi operations, including:

- Seamless flow promotions and deployment processes
- Pre-deployment sanity checks and validation for smooth execution
- Centralized audit logging for enhanced governance
- Secure LDAP-based access management and controlled user authentication

The implementation is expected to support the client with reduced manual effort, improved operational efficiency, stronger governance, and enhanced control over NiFi operations.

This development reinforces the Company's continued focus on expanding adoption of its proprietary platforms and strengthening its footprint in global markets.

We request you to take the above information on record.

**For and on behalf of Ksolves India Limited**

**Manisha Kide**  
Company Secretary and Compliance Officer
